EXECUTIVE SUMMARY

Bright, dedicated, and highly motivated Health Information Management Officer with over six years of experience in electronic health records (EHR) administration, healthcare data systems, strong knowledge of HIPAA laws and patient confidentiality, clinical documentation, medical data systems, and real-time verbal interpretation. Proven ability to multitask, organize, and work together efficiently. Seeking global opportunities in Health Data, Health Informatics research and development, and to add to a reputable organization while growing professionally through persistent learning and teamwork, even as I regularly sought chances to deepen my technological competence.
